## ■ An Introduction to Samsung Apps

Samsung Apps is a marketplace designed to provide a variety of mobile applications especially developed and carefully selected for Samsung mobile phones. With Samsung Apps, you can easily find new applications – games, utilities, references, and more. Browse Samsung Apps and download applications directly to your phone. Applications you've purchased or downloaded through Samsung Apps in Samsung Kies (PC Software) on your computer can be installed when you sync with Samsung mobile phone.

Note : Samsung Apps may be unavailable depending on your region or service provider.

To use Samsung Apps, Samsung mobile phone must be connected to the Internet (WiFi or cellular connection)

## ■ Exploring Samsung Apps

Within the menu, find the Samsung Apps icon (it could have different name in certain regions such as Application Store). Disclaimer displays only once at the first launch of Samsung Apps.

## ■ Browsing and Searching

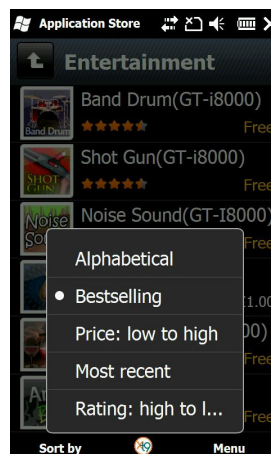

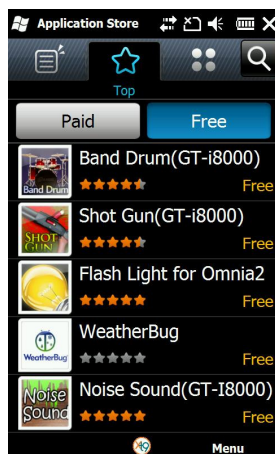

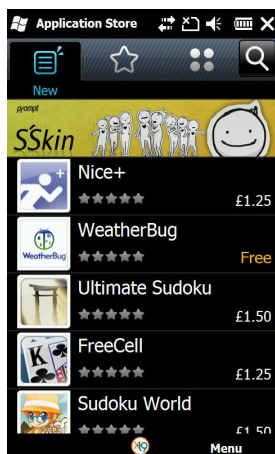

Select New to see the latest new apps and select Top to see the most popular apps for your handset. If you're looking for a specific application, use Search.

**Browsing applications** : Select New, Top or Category to switch between browsing methods. In the Category menu, you can sort by Alphabetical, Bestselling, Price, Most recent or Rating .

 : New applications

 : Popular paid and free applications

 : Applications sorted by category (Games, Entertainment, Health/Life, E-Book, Productivity, Reference, Social Networking, Utilities)

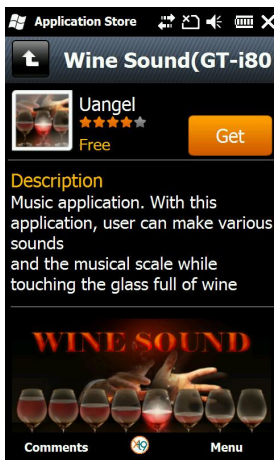

**Searching for applications** : Select Search, enter a keyword and then select the Search button 

### ■ View Application Details

Select any application in a list to see more information, such as the application's price, description, screenshots, ratings, and other information.

**To view screenshots** : Click a screenshot to enlarge and swipe left or right on a screenshot to view additional screenshot pages.

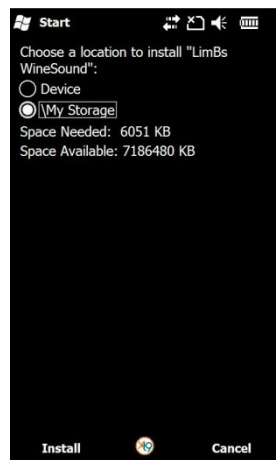

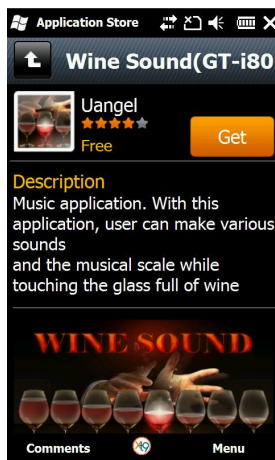

**To get ratings and read comments** : Tap Comments at the bottom of the detail screen.

## ■ Downloading Applications

If the application is free, you can download it without charge and also without logging in. If the application is paid, you must login to purchase. (if your network has enabled direct phone billing, it is also not necessary to log in. Phone billing may be unavailable depending on your region or service provider)

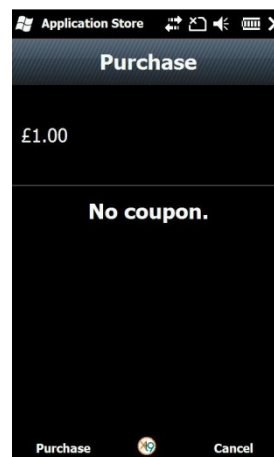

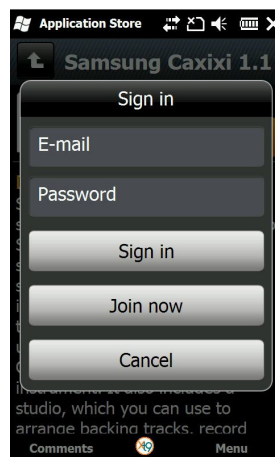

### To download a free application

1. Tap a free application you want, then tap “Get”.
2. Select “My Storage” where it is installed and follow the onscreen instructions.

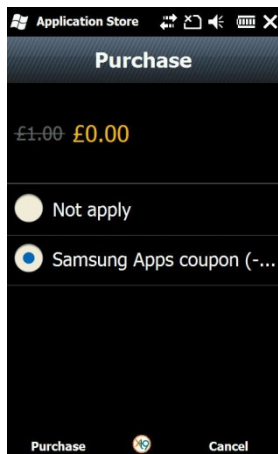

### To download a paid application

1. Tap a paid application you want, then tap “Buy”.
2. Login.
3. Tap Purchase at the bottom of the screen and select “My Storage” where it is installed and follow the onscreen instructions.

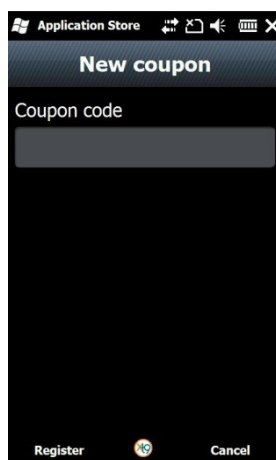

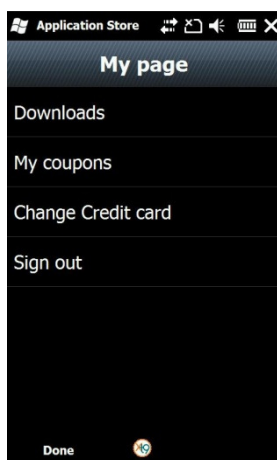

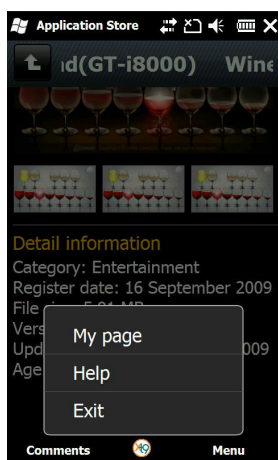

If the applications you purchased and downloaded have updates available, then 'Updated' will be displayed in the application list within Downloads menu. You can browse Downloads menu by tapping Menu > My Page > Downloads.

You can redeem a coupon for Samsung Apps to make purchases at a discounted price. You must be signed in to your account in order to redeem it.

**To redeem a coupon code :** Tap Menu at the bottom of the screen, then tap My page and My coupons. Tap Register to redeem the coupon code.

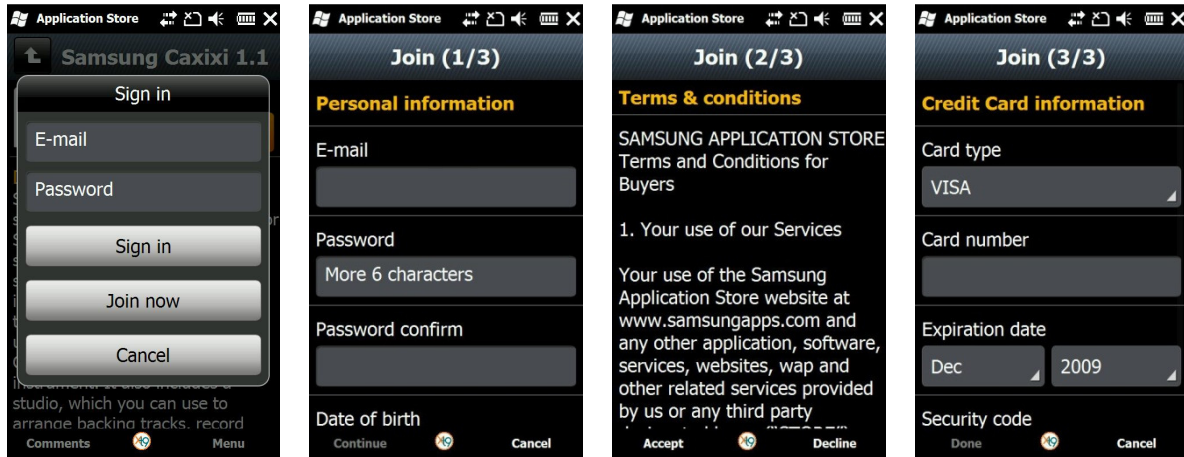

If a download is interrupted, go to Menu at the bottom of the screen, then My page and tap Downloads. You can download it again the next time it has an internet connection.

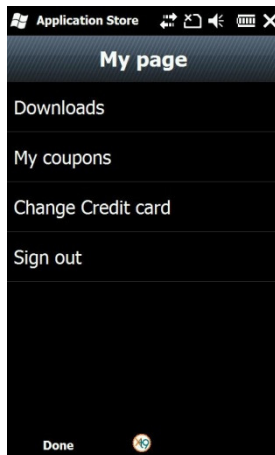

## ■ Creating an Account

If you don't have an account at Samsung Apps, tap "Join now" to register. You need to enter personal data such as E-mail ID, password, date of birth and credit card information and follow the onscreen instructions.

Note : Credit card information is required to enter only once when you create an account. Its information is neither stored on the phone, nor subsequently viewable in full on the phone.

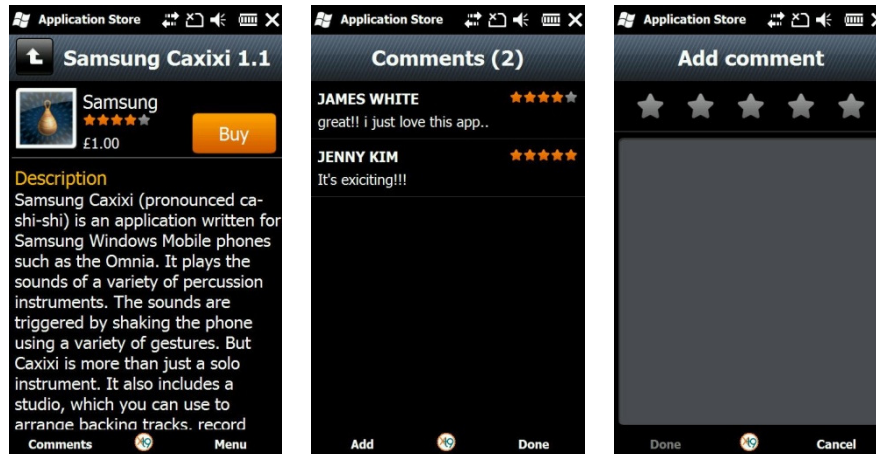

You can change your credit card information in the My page menu.

## ■ Reviewing Applications

You can write comments and give ratings directly on Samsung mobile phone. In order to write comments and give ratings, you must be signed in.

1. Tap Comments at the bottom of the application detail screen.
2. On the Comments screen, tap “Add”
3. Select the number of stars (1-5) for your rating of the application and enter your review comments.
4. Tap Done

## ■ Deleting Applications

You can delete applications you've installed from the Samsung Apps. If you delete an application, data associated with the application will no longer be available to Samsung mobile phone.

You can reinstall an application from Downloads menu of Samsung Apps on your phone (Tap Menu at the bottom of Samsung Apps and My page and then Downloads).

### Delete an application

1. Go to Settings within your menu of the phone.
2. Tap Memory settings, then Main Storage.
3. Tap Delete to delete an application you want

You can delete applications you installed as above, only if you installed them by choosing the location to My Storage.
